

## Celebrating 50 Years of Service

For fifty years, Maps has been a beacon of hope and healing in Keene, New Hampshire. Founded in Keene, NH in 1973 by a group of local ministers as Monadnock Area Pastoral Counseling Service (MAPSCS), it was a vision for providing professional pastoral counseling and care. Maps has evolved and expanded, moving locations, and adapting to meet the changing needs of those it serves, including the addition of our Peterborough office in the mid-1990s.

Through countless name and identity changes, Maps has remained committed to its mission of holistic care, addressing the mind, heart, body, and spirit, and has never lost sight of its core values, embracing diversity and innovation to better serve over a thousand individuals and families each year. Accredited by various institutions over the years, including the American Association of Pastoral Counselors and Solihnten. Maps has continuously upheld its standards of excellence.

As Maps celebrates its 50th anniversary, we look forward to continuing our legacy of compassion, healing, and guidance for generations to come, and offering hope and healing for those who need help finding their way.

# Meet Our New Board President - David Meader

**David Meader** was born in Keene and attended local schools. After earning a degree in political science, he ended up with a career in retail sales. In the late 1970's David started his involvement in local politics by winning an election to the Keene city council, eventually serving for 17 years. In addition, David was elected for nine terms in the New Hampshire legislature. Now retired, he is on the board of two non-profits. David expresses that having had close friends and colleagues experiencing mental health challenges, dedication to the goal of improving and expanding the services they can receive, both locally and statewide, is a top priority for him.

When asked of all the ways you could spend your time, what inspires you to dedicate your energy to Maps Counseling?

David said "After many, often hectic years serving in elective office at the state and local level, I have found that working with local non-profits to be a richly rewarding experience. At MAPS, I am extremely fortunate to be part of an organization with such a dedicated and talented team."

When prompted, what is your vision for the future of Maps Counseling?

David replied "As we celebrate our 50th anniversary, we look forward to constant change and evolution as we strive to meet the needs of our clients. We are committed to maintaining our status as a local community provider that enjoys an outstanding reputation in the Monadnock region."
